Hard Skill

- C++,Python.
- DBMS SQL ,MongoDB.
- Basics of Embedded System.

Soft Skill

- Adaptability
- Communication
- Problem-solving
- Teamwork
- Visionary

Education Background

- Marathwada MitraMandal COE,Pune
  Bachelor in Computer Engineering
  2021 till present

- Little Flower Junior College,Pune
  Active participation in academics and secured 82.00% in state boards
  Completed in 2021

- The New Millennium English Medium School,Pune
  Actively participation in academics and Co-curricular activities and secured 90.60% in state boards.
  Completed in 2019

About Me

I'm a dedicated computer engineering student with strong leadership skills, seeking an internship where I can contribute effectively to a team. With a passion for staying updated on the latest technologies, I thrive in collaborative environments and always eager to apply my knowledge to real-world projects.

Experience

Courses :

- Currently pursuing AI ML training from Intel Unnati.
- Virtual Internship in Embedded Systems in EMERTXE INFORMATION TECHNOLOGY.
- Machine Learning Basics with LinkedIn Learning .

Participation:

- Publicity Head of Aadhar Social Club of MMCOE.
- Member of CSI community.
- 2022 Smart India Hackathon Finalist.
- Participated in L'Oréal Sustainability Challenge 2023.

Projects

- Library Management System using Netbeans and JDBC connectivity.
- Microwave oven simulation using pic16f877a microprocessor and PicsimLab Simulator.
- Study Chatbot for students.

Interships

- Embedded System Internship in EMERTXE Information Technology.
- Database Management Systems Internship at Codephine.

Achievements

2022	Smart India Hackathon Finalist
