PROFILE

As a web developer intern, my primary goal is to gain practical experience by working on real-world web development projects. I am committed to enhancing my coding skills, collaborating effectively with team members, and contributing to the success of the organization. I aspire to become a proficient web developer and apply the knowledge and experience gained during this internship to create innovative and user-friendly websites in the future.

PROJECTS

Golf Website clone

Description : The Golf Website Clone project is an ambitious endeavor to replicate and recreate the functionality and design of a popular golf-related website.. This project serves as an opportunity to hone our web development skills, including front-end and design principles, and user experience considerations.
